

## Adani Enterprises Ltd trusted Matrix Access Control and Time-Attendance Solutions for their multi located ports and business units

### Introduction:

Adani Group is an Indian multinational conglomerate company headquartered in Ahmedabad, Gujarat, India. Its diversified businesses include resources, logistics, agri-business and energy sectors. Managing employee's attendance and timing from a central place is critical for them. They wanted to have centralized time-attendance and access control solutions for better productivity and security.

### Challenges:

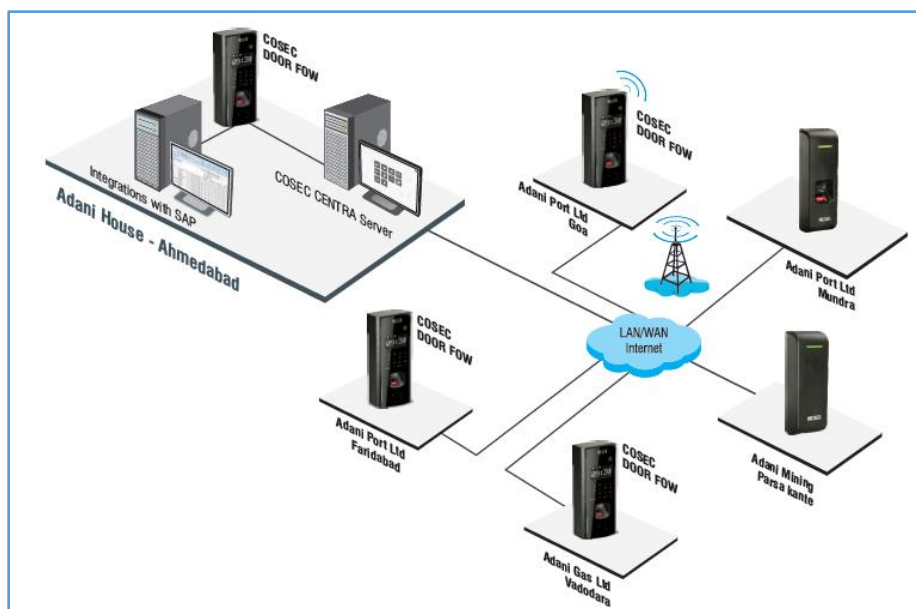

- Centralized time-attendance solution for all ports and business units
- Different time-attendance policies for different locations
- 3<sup>rd</sup> party integration with SAP software

### Solution Offered:

After understanding complete requirement, Matrix offered COSEC time-attendance and access control solutions for their 25+ business units and 12,000+ employees spread across the India and Indonesia. Centralized time-attendance and access control solutions has made their most of the attendance process accurate and faster. With real time notification it becomes easy to solve any exceptional situations by HR or Admin.

- Centralized access control and attendance of 25+ business units
- Error free attendance data of 12,000+ employees
- Restrict unauthorized entry in all locations
- Real-time integration with SAP
- Connectivity using Ethernet, Wi-Fi and mobile broadband
- Real-time SMS/Email notifications for exceptions

### Solution Diagram
